Greetings from the KC Library!

With so many new faces on campus, you might not know what is available in the library. Here are a few of the services we offer:

**Reserves:** You can put a book on Reserve for your class. We’ll keep it at the Circulation Desk for students to use in the library.

**Interlibrary Loan:** We may be able to get that book you need from another library, if we don’t have it.

**Training Lab:** Also known as the Library Instruction Classroom, this is a place to reserve for staff training events.

**Library Instruction:** You can schedule a time to bring your class in to meet with a librarian, who will show your students how to find research items using the library resources.

**Tutorials:** These are available on the library home page and cover several areas of research.

**Video Tutorials:** These are available from the library home page or our Facebook page. You can provide a link in BlackBoard to the one that works best for your class. *Adding the link will help us track how often the videos are used.*

Trivia Answers:

The video tutorials have been a great hit among students. This summer, we added closed captioning to make the tutorials compliant with Section 508 of the Rehabilitation Act.

These short videos allow students to get Library Instruction at any time, as long as they have an internet connection. Students can now watch the demonstration, listen to the narrative, and read the narrative as needed.
